

Miscellaneous Storage Tanks

Open Top tanks (IOT) are molded from FDA compliant Linear polyethylene. Large open top covers are standard. Mixer support stands and hinged covers are optional. Industrial Mini Bulk (IMB) and Industrial Mini Drum tanks (IMD) are molded in either high density crosslink polyethylene or FDA compliant linear polyethylene. Molded polyethylene skids are optional for both IMB 120 and 200 models.

Model Number	Capacity (US Gallons)	Dimensions (inches)		Weight (lbs) 1.9 Sp. Gravity		Access Opening (inches)
		Diameter	Height	Linear Polyethylene	Crosslinked Polyethylene	
IMB 120	120	40	30	40	40	6
IMB 200	200	40	44	50	50	6
IMB-Pallet	--	--	4	40	40	--
IMD 110	110	37	32	35	35	6
IMD 175	175	37	45	50	50	6
IOT 30	30	18½	30	18	18	Open top
IOT 40	40	18	38	13	N/A	Open top
IOT 70	70	22	45	26	N/A	Open top
IOT 90	90	24	48	30	N/A	Open top
IOT 150	150	30	48	44	N/A	Open top
IOT 210	210	35	48	65	N/A	Open top
IOT 300	300	46	59	95	95	Open top
IOT 400	400	69	32	120	120	Open top
IOT 680	680	69	48	130	130	Open top

Model number availability and individual specifications subject to change without notice. Gallonage and weights are approximate. All wall thicknesses conform to ASTM D-1998.
